The report of the 15 days training seminar for primary school teachers in Timor Gara
Feb. 8, 1992 - Feb. 24, 1992

During the winter since most of the schools in Bajaur areas due to the cold whether have winter vacation we arranged our seminars to train their teachers when they were completely free. Our plan for the month of Feb. 1992 was to train 40 teachers of CAR schools in Timor Gara. Among the schools' teachers of CAR only 22 teachers needed seminar according to our previous survey. The arrangement was made to complete the 40 teachers for the seminar from the nearby political parties school teachers. so in the seminar there were:

1. 22 teachers from CAR schools
2. 5 teachers from Itehad Islami
3. 2 teachers from Jamiat Islami
4. 2 teachers from Khalis party
5. 3 teachers from Hezib Islami
6. 5 teachers from Salafies schools

The place of the seminar was primary school Timor Camp in Dir, and the seminar started on Feb. 8, 1992 with the recitation of Holi-Quran. The rule and regulation of the seminar was explained to the participants by the chairman of the seminar. The pre-seminar evaluation was done upon which the teachers were divided into two groups A and B. All the materials needed during the seminar were distributed like printed teaching materials and teaching aid materials the lists of which are annexed in the report including the stationery.

Everyday the seminar started at 9:00 A.M and ended on 12:50 having six teaching periods for 15 days. There was a tea break after each 3 periods of teaching.

In the seminar the following subjects were taught practically by the related supervisors.

1. The subject of education evaluation by G. Ali
2. The subjects of child psychology and the teaching method of language by Enayatullah
3. General methodology and the teaching method of Islamiat by Hadayatullah
4. Educational psychology by Sayed Ahmad
5. Teaching aid materials and the teaching method of mathematics by A. Haq

During the first week much attention and endevour were given to the theory of the professional subjects related to teaching skills. The application of the above theory information was done in teaching the basic subjects taught in the primary schools by P.M.T supervisors. During this part of the seminar model lessons were given by the supervisors using all the information and materials for better teaching. In these model lessons the preparation and better use of teaching materials were shown to the trainees specially the best use of feltboard in language, mathematics and social studies.

When the participants of the seminar got enough theoretical and practical information about the materials of the seminar they were asked to give model lessons using the training they got. This part of the training was interesting, because it was practical and the trainees were using all the information and materials practically. When one of the teacher was giving model lesson the P.M.T supervisors and the remaining trainees were observing and evaluating the lesson through checking the evaluation check list. After the lesson there was time for discussion about the weak and strong points of the model lesson. This way the trainees were learning from the P.M.T supervisors as well as their colleagues.

Since the department of education of Solidarite Afghanistan had given to the participants enough materials the teachers under the guide of P.M.T prepared a set of teaching aid materials for each subject taught in the primary schools.

I (Ahmadi) as pedagogic director on Feb. 18, 1992 went there and observed the process of the whole seminar. I explained to the supervisors and the teachers some points related to different subjects of the seminar. Also I stressed the teachers should use mostly student centered method of the teaching and attention be given to student activities and their practical participation.

To know about the result of the seminar there was a post-seminar evaluation test. The results of pre-seminar and post-seminar test are annexed in the report. Comparing the results of the two evaluation tests one can clearly judge that there is great improvement in the teachers professional information related to better teaching.

The date of the graduation ceremony was assigned to be Feb. 25, 1992 in the same school where the seminar took place. The ceremony started as usual with the recitation of Holi-Quran by Mulawi Fizullah one of the participants of the seminar. After the recitation A. Haq the chairman of the seminar thanked the participants of the seminar for their active participation in the process of the seminar.

At this stage Amir M. Ahmadi explained to the teachers and the elders of the community the teachers training programme of Solidarite Afghanistan Belgium. He said that SAB is helping the Afghan refugees and Afghan people in up-grading the teaching skills of their teachers to educate Afghan children better. Now the training is finished it is the duty of the trained teachers to use the training at the service of Afghan children.

Finally one of the graduate of the seminar by the name of M. Raziq spoke about the importance and fruitfulness of the seminar for them. He thanked SAB and SOS/PG*BELGIUM for assistance given to Afghan people and P.M.T supervisors for their hard work.

At the end the certificates and the materials which was assigned to be distributed after the training were given to the teachers by Ahmadi and P.M.T supervisors. Also the daily allowance of the teachers were given to them and the ceremony ended with the prayer for peace in Afghanistan and all over the world. All the related lists are at the end of the report.

With best regard

Amir M. Ahmadi
Pedagogic Director
